

You're Invited!

The Garden Club of York is a group of garden enthusiasts, from novice to expert, that promotes interest in gardening, native plants and conservation issues. The Club meets October through April, except for the December holiday luncheon. Other special meetings are the September picnic and the May luncheon.

We welcome you to join us in growing a more beautiful community.

The Garden Club of York

The purpose of The Garden Club of York is to:

- stimulate and develop the spirit of gardening,
- encourage interest in decorative flower and plant arrangement,
- promote interest in home and civic gardening,
- aid in the protection of native plant and bird life

Hanging Baskets of York

The signature project of the Club! Each Spring, the club places over 200 gorgeous hanging baskets in York's downtown. Basket sponsorships are available. We also partner with Downtown Inc to keep the planters beautiful.

Public Plantings and Partnerships

Two of the Club's York City projects are Broad Street Greenway Development and Blue Star Memorial Garden at "Rev" Stadium. We also participate in Keep York Beautiful.

York Builders Association Home and Garden Show

Begin your late winter shopping for items for spring planting and decor at the GCY's booth at the York Builders Association's Home and Garden Show at the York Expo Center, 334 Carlisle Avenue, York, PA.

Plant It Pink Garden

Stroll through the Plant It Pink meditation garden planted by GCY and funded by Pink Power. National Garden Club started this project in 2007 for anyone touched by breast cancer.

Blue Star Memorial Garden

We honor our veterans with a floral garden that provides both respect and a space that celebrates their service. GCY plans and maintains this special garden at the "REVs" stadium.

Projects and Activities of The Garden Club of York

Garden Faire Plant Sale

Come purchase colorful annuals and perennials supplied from members' gardens and local nurseries. Ask experienced gardeners for advice.

Flowers and Fellowship

Club members help residents from local senior living communities create flower arrangements for their rooms.

Floral Design Workshops

Whether you are interested in flower show competition or for your own personal growth, learn from expert GCY designers as they share their knowledge of the creative art of floral design.

Growing the Future with Scholarships

GCY awards annual scholarships to deserving college students majoring in areas that support our mission. GCY also fosters youth interest in and knowledge of gardening.

Conservation & Environment

GCY knows the importance of conservation and a healthy ecosystem. Members identify and share practical solutions that lead to a garden-and-human-friendly environment.
