

PROJECT REQUEST FORM

The Garden Club of York values our relationship with community not-for-profit partners – civic organizations, youth and church groups – in building a blooming and environmentally “green” York. It is our goal to support York with beautification projects. We are excited that other organizations recognize the positive impact that we have made in making gardening more available to our residents while presenting a welcoming and vibrant vision to those passing through our city. We strive to educate and plant to stimulate and develop the joy of gardening.

As a first step in determining if this would be a good partnership, please provide us with the following information regarding your proposed project. Please note that the Garden Club is not in a position to maintain gardens for other organizations or partners.

1. **Name of requesting organization:** _____

2. **Project start date:** _____ **Project completion date:** _____

3. **Type of assistance requested:**

_____consultant _____plant donation _____planting assistance _____other

4. **Description of project** - Please include your expectations of the Garden Club membership, how your “team” will support the project, the cost of the project, who will be funding the project, criteria that determines project completion, who benefits from the project and how they benefit. (Please use additional pages as needed).

5. **Contact information:**

Name: _____

Address: _____

Phone #: _____ Cell#: _____

E-mail address: _____
